Civil Ceremony Information

CIVIL CEREMONY ROOM HIRE

It is your responsibility to book the registrar. Enquiries can be made at Worcestershire County Council.

The registrar's fees are separate to our room hire charge.

If you are having a civil ceremony at the hotel, please confirm which function room you would like to book, the time your civil ceremony is booked for and for how many guests.

A member of the hotel team will greet the registrars on your wedding day and will be present in your chosen function room throughout your civil ceremony. The groom will be required to see the registrar for their pre-ceremony interview 30 minutes prior to your civil ceremony time and the bride 15 minutes prior. Punctuality is essential for this part of the day.

You will need to nominate a person to play your ceremony music.

We have a Bluetooth speaker that you may use.

We advise you to have at least 5 music tracks prior to your civil ceremony for guests to listen to.

Bridal entrance music track.

Three music tracks for the signing of the registrar.

Exit music track.

All music should be discussed and agreed with the registrar prior to your civil ceremony.
